wilton Mo,

Child to be check every ten minutes for the first half hour. Then every half an hour after. This is for any injury from the neck or above if it was not witnessed or includes a bump/fall. Eg. If a child is seen scratching themselves and a cut occurs, head report and monitoring does not need to be completed. If a child seeks out an adult with a cut to their face that was not witnessed, a head report and monitoring must occur.
